Dr. A. K. Singh

Principal Scientist (Hort.)

ICAR Research Complex for Eastern Region, Research Centre, Ranchi

Course Coordinator :

Dr. Bikash Das

Senior Scientist (Hort.)

ICAR Research Complex for Eastern Region, Research Centre, Ranchi

Sponsored by

Indian Council of Agricultural Research,

New Delhi

Organized by

ICAR Research Complex for Eastern Region, Patna

Venue

ICAR Research Complex for Eastern Region, Research  
Centre, Plandu, Ranchi – 834010, Jharkhand

## Introduction

Horticultural crops have played a major role in ensuring livelihood security of tribal population and last five years have witnessed sea change in the horticulture scenario in the country. The diminishing land resources and complex market forces have made horticultural enterprise more challenging for maintaining its profitability. Diversification into wider range of crops is the need of the hour for ensuring livelihood security of tribal farmers through horticulture based cropping system. The ICAR Research Complex for Eastern Region (ICAR RCER), Patna has been working to address the researchable issues on agriculture for eastern India through multicommodity and multidisciplinary approach. The ICAR RCER Research Centre, Ranchi has been working in the tribal dominated eastern plateau and hill region for addressing the complex issues of horticulture development through effective management of natural resources. The last 33 years of research at the centre has resulted in development of 37 varieties of different vegetables and fruits and 11 production technologies of horticultural crops. This summer school is being conducted to appraise the participants about the lesson learnt by the institute on diversification options in horticultural crops for ensuring livelihood security of tribal population

## Eligibility

Applicants should have Master's Degree in any branch of agriculture/Horticulture, working not below the rank of Assistant Professor/Scientists/ equivalent cadre under Agricultural Universities / ICAR Institutes, having at least two years experience of teaching/research/extension.
