

## Capacity Building on

### “Recent Advances in Integrated Fish Farming”

The ICAR-Research Complex for Eastern Region (ICAR-RCER), Patna organised a 10-days farmers’ training programme on “Recent Advances in Integrated Fish Farming” during 20-29 March 2017 sponsored by Directorate of Fisheries, Govt. of Bihar. The main purpose of the training was to develop the skills and to make aware the farmers about integrated fish farming practices.

A total of 25 trainees from Buxar district (Bihar) participated in the training programme. The trainees were provided hands-on training on designing of fish farm, seed rearing, fish seed stocking, pond management, water quality management, management of livestock and different aspects of integrated fish farming.

In the valedictory function of the training programme Chief Guest Mr. Suman Kumar, Deputy Director of Fisheries, Govt. of Bihar explained about different schemes going on for the fisheries development in Bihar and emphasized to make best use of it. Dr. Kamal Sarma, Course Director of the training programme explained the effectiveness of the training programme. Dr. Tarkeshwar Kumar, Mr. Ravi Kumar Mr. Surendra Kumar Ahirwal were the coordinators of the training programme. The participants had expressed their satisfaction at the end of the training and showed confidence in taking up the Integrated Fish Farming model for their business.
