

Field day organized at Gandhaunia village, Gola block, Ramgarh

A field day was organized under Cluster Front Line Demonstration on mustard crop on dated 27/03/2018 at Gandhaunia village, Gola block, Ramgarh. Representatives of PRADAN (NGO) were also present during the programme. Dr. D.K. Raghav I/c P.C. welcomed all the guest and farmers and gives detailed information about the demonstration on mustard crop. He discussed with farmers about technological intervention and technical gap. Dr Indrajeet S.M.S. Ag Extension spoke about the technology adoption for mustard crop and management of fallow land with pulse crop. Dr. Dharamjit Kherwar, SMS- Horticulture explained about round the year vegetable cultivation and growing of fruit and timber plants in the land with less water availability. A farmers Scientist interaction was also organised during the program for creating awareness about technological intervention suggested by Krishi Vigyan Kendra.
